DETAILED ACTION

Response to Amendment

1. An amendment has been filed on August 2nd, 2005.
2. Claims 1, 3, 4, 5, 6, 9, 10, 12, 13, 14, 15, 17, 19, 21, 26 and 27 have been amended invention.
3. Claims 1, 3-7, 9, 10, 12-17, 19, 21, 23-27, 29, and 30, are therefore claim pending in the application.

Response to Arguments

4. Applicant's arguments with respect to claims 1, 3-7, 9, 10, 12-17, 19, 21, 23-27, 29, and 30 have been considered but are moot in view of the new ground(s) of rejection.

Specification

5. The amendment filed August 2nd, 2005 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: "*presentingthe document provider*" in claims 1, 9, 10, 12, 19, 26 and 27.

Applicant is required to cancel the new matter in the reply to this Office Action.

Art Unit: 3621

Claim Rejections - 35 USC § 112

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 1, 9, 10, 12, 19, 26 and 27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

8. Claim Claims 1, 9, 10, 12, 19, 26 and 27 recite the limitation "*presenting..... to the document provider.*" There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

9. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

10. Claims 1, 3-7, 9, 10, 12-17, 19, 21, 23-27, 29, and 30 are rejected under 35 U.S.C. 102(e) as being anticipated by Straub et al (U. S Patent No 6,216,141).

Art Unit: 3621

11. As per claims 1, 9, 10, 19, Straub et al teach a method of distributing a document of a user, the document including at least one of textural and graphical information, the method comprising registering document distribution services of a plurality of document distribution providers with a document distribution system controller, the document distribution services including at least one of print services, electronic mail services, and publishing services; receiving a distribution request for the document from the user at the document distribution system controller, compiling a list of distribution options for the document with the document distribution system controller based on the document distribution services of the document A distribution providers, and presenting the list of distribution options for the document to the user *(see abstract, figs 1, 3, 4, 7, 11, 12 and their accompanied text, and column 2 lines 29-3 lines 67, 9 lines 9-46).*

12. As per claims 3-7, 11-17, 21 and 23-27 and 30, they disclose the same inventive concept as claims 1, 9, 10 and 19. Therefore, they are rejected under the same rationale.

Conclusion

13. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

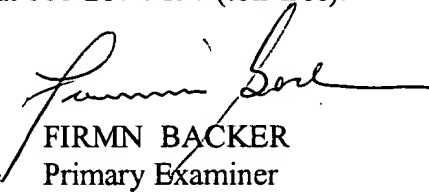

Art Unit: 3621

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
